A Seamless, Self-Service Experience

The Payment Portal makes it easy for customers to stay current on what they owe—and even easier to pay. From one secure, centralized location, they can view invoices, submit payments via card, ACH, or debit, download statements, and save preferred payment methods. With AutoPay support and 24/7 access, repeat customers can set it and forget it—no logins, no delays.

You can also send secure payment links in just a few clicks, right from the platform.

Know When to Expect Cash

Customers can indicate when they plan to pay—right from the portal. By setting a Promise-to-Pay date on an invoice, they help you forecast more accurately and keep communication flowing. Updates go straight to your inbox, so you're always in the loop.

Inquiries & Disputes, Resolved Faster

When something doesn't look right, customers can submit questions or disputes directly from the invoice. No emails or scattered threads—your team sees everything in context and can respond quickly to keep collections moving.

Syncs to Your ERP

Payments made through the portal automatically sync to your ERP—no manual reconciliation needed. Transactions are tied to invoices in real time, balances update instantly, and your team can close the books with greater speed and accuracy.
